NOTICE OF FORFEITURE.

Ira Fancher and Wm. Turner, you heirs and assigns:

Ira Fancher and Wm. Turner are notified that the undersigned expended in labor and improvements on the Hill Top lode mining claim, situated in the Goldfield mining district, Nye county, Nevada, the sum of \$100, the sum for the years 1909, 1910, 1911, of which you Ira Fancher, are a half owner, and you, Wm. Turner a one-fourth owner. Under the provisions of section 2324, of the Revised Statutes of the United States of America, covering annual assessment labor on mining claims; the proof of labor of the said claim was duly recorded at the recorder's office, at Goldfield, Esmeralda county, State of Nevada. Said expenditure was the amount necessary to hold said mining claim during the aforesaid years and if within 90 days from the date of the first publication of this notice, you fail or refuse to contribute your proportion of said expenditure as co-owner, which amounts to \$225 to you together with the cost of this advertisement, your interest in the said claims will become the property of the subscriber, your co-owner, who has made the expenditure and improvements above mentioned.

GIRL RECORD
BREAKER STOPS
RUNAWAY PONY

AFTER WALKING 114 MILES,
TAKES REST BY CAPTURING HORSE.

HILLSBOROUGH, Cal., April 3.—Miss Eleanor Seares, the Boston bachelor maid, who returned here yesterday by motor from a cross-country walk of 114 miles against time, distinguished herself again by stopping a runaway polo pony before a man in the crowd around her could find his wits or courage.

While Miss Seares was watching a polo match from the motor car of Mrs. Frances Carolan, her hostess, one of the spare ponies dashed into the parked carriages and automobiles surrounding the field. The horses began to rear and plunge on all sides, but before a stampede was fairly started, Miss Seares jumped from the automobile, seized the frightened pony by the bridle and soon quieted him.

Speaking of her long walk yesterday, Miss Seares said:

"I feel as fresh as if I had only walked a mile."

POSTAL CLOSING ITS
OFFICE IN CARSON CITY

The Postal Telegraph company has closed its office in this city, as there was not room for both of the companies. Miss Rheim, the lady who has been in charge of the office since its installation in this city, has won a host of friends here who will be sorry to learn that she is soon to take her departure.—Carson News.

SNOW FALL IN
WHITE PINE CO.
THIS MONTH

The heaviest snow fall and the greatest amount of precipitation to fall during the entire winter has been in progress since an early hour yesterday morning. Yesterday afternoon the clouds lifted and the accumulation of snow over the greater part of the city soon became mud and slush.

In the mountains the fall of snow is said to have been very much heavier. In many places south and west of Ely, from which reports have been received, the fall was from 12 to 18 inches, and the storm seems to have been general throughout this section, which is glad news to all stockmen, ranchers and mining men in the county. For the former it means an abundance of good feed on the ranges for the summer months; for the rancher it means plenty of water with which to conduct his irrigation, and for the miner and smelter, it gives an assurance of an abundant water supply, which is the most necessary adjunct in this section, to insure the successful and profitable treatment of ores.—Ely Expositor.

ANOTHER ARTESIAN WELL
IN THE CARSON VALLEY

Another splendid artesian flow was added to the already long list of self-flowing wells in this valley, when the Dake well-boring rig tapped an underground current last week on the A. Dressler ranch, near Genoa, says the Gardnerville Record-Courier. The well is 565 feet deep and is gushing twenty-five gallons of water per minute.

The well is located on the east side of the river on a tract of land being reclaimed by Mr. Dressler. A large portion of this arid tract has already been placed under cultivation and irrigated by a pumping plant which lifts the water from the Carson river. An electric plant, operated by a pipe line running from Sierra canyon, furnishes power for the pump.

There was a time in this valley when it was believed that each additional artesian well would lessen the flow of the wells already in operation. It was thought that one subterranean channel was the common source of all flows. This proved wrong, however, since no well yet struck has had the slightest effect on the flow of other wells.

WHY DO THEY DO IT?

"Why people should weep over the imaginary sorrows shown on the stage, when there is so much real sorrow in the world, I never could understand," says a well-known writer.

And it is just as hard for us to see why people will suffer needlessly for months or years. Here is the case of M. Carter of South Akron, O., who says:

"For two years I was in a badly run-down condition, felt weak and miserable and lost considerable flesh. Then I heard that Vinol was a great thing to build up the body and create new strength. Now, after taking Vinol and getting so much good from it I have decided to write and tell you that it has made me strong and well again, and I have gained in weight, too."

If you are weak and sickly, need new strength and better blood, take Vinol, our delicious cod liver and iron remedy, for depend upon it, that is what you need and it will build you up. We guarantee it—money back if you are not satisfied. Miners' Drug Store, Inc., Tonopah, Nevada.

RENO WOMEN
WILL RUN FOR
SCHOOL TRUSTEES

Taking as their campaign slogan "Place the schools in the hands of the mothers" three prominent women of this city have entered the race for against the old school board, all the members whose terms have expired being up for re-election.

The date for making the nominations closed last night and the election will be held next Saturday. W. D. Jones is a candidate for re-election as long term trustee, while Theodore Clark and Charles Eaton are again after the short term trusteeship. The opposing candidates will be Mrs. Matthew Kyle, who

APRIL FOOL
JOKE ON THE
RENO POLICE

REPORT IS CIRCULATED THAT
A MAN HAD BEEN KILLED
IN A DUEL

RENO, Nev., April 3.—The police spent a quiet evening Sunday night and outside of the customary drunks that were towed to the station by the stalwart guardians of the peace, the only matter that ruffled the calm was a report which came in about 3 in the morning stating that a man had been shot at a local hotel.

The red light on the city hall flag pole was turned on and shortly after policemen could be seen hurrying toward the supposed seat of war. The police were astounded when upon arriving to see the usual number of night birds hanging around, and on making inquiries where the dead man was, were informed that it was now the first of April. Everybody looked exceedingly foolish for a few minutes, but after a few rounds of cigars had been disposed of, good fellowship asserted itself and all departed the best of friends.

COW KILLS HORSE
AND THEN ATTACKS
AN AUTOMOBILE

The other afternoon Mr. Hansel of the Elko dairy and Mr. Bangs drove some cows to the corral of the slaughter house. Two of the cows broke out of the corral and Mr. Hansel and Mr. Bangs started after them on horseback. Mr. Hansel was riding his old white horse and, when he got near the cows, one of them charged the horse and nearly disemboweled him. The men then gave their attention to the injured horse and finally killed him to put him out of his misery.

The cow seemed to be thoroughly crazed. After goring the horse, she struck out through the sagebrush into the public road east of town. The next thing she met was Billy Mayer in his automobile with his wife and other ladies. When some distance off, Billy saw the cow and slowed down his machine.

The cow, however, paid no attention to him and he ran to one side of her. As he was passing, she turned on the machine and ran one of her horns through the brass and glass on one of the front lamps. The momentum of the automobile broke one of her horns and threw her to one side. She soon recovered and charged the rear end of the machine, frightening the ladies, but doing no further damage. Mr. Hansel has had parties looking for the cow ever since, but up to a late hour yesterday she had not been found. She is a dangerous animal to be at large.

will run against Jones, and Mrs. Margaret Martin and Mrs. E. E. Warden.

Considerable interest has been manifested in the election and the women will have strong supporters to advocate their candidacy. Mrs. Kyle is the wife of Surveyor General Kyle and has a wide acquaintance. Mrs. Warden was formerly Miss Annie Schader and taught at the University of Nevada. Mrs. Martin was formerly Miss Margaret Mayberry and for a number of years was a teacher in the public schools.

The women are not allied with the equal-franchise forces and to the contrary are seeking the office on the principle that the mothers are more capable of handling school matters than the fathers. The election promises to poll the largest vote of its kind in years, on account of the increased interest being manifested.
